About Us: We are not a nonprofit organization – but it's our goal for 2009 to become one. We are a family owned business that supports the mission of affordable housing for Seniors and Handicapped people. Currently, over 80% of the proceeds received through the sales of Awareness Products are used for the purchase and renovation of mobile homes, and toward the costs involved with the start-up of the new foundation. Thank you for your consideration and support!
